

Bay Area Great Rollerskates

List: Affinity Map

Last Updated: 10/19/20

News

Rollerskating is a hot topic right now. Impala. Moxi. Nowadays all my friends wanna go skating!

I look at -newest first, -what looks cool, -most popular news

Normally I'm a reader. I will read things throughly

I want to know more about rinks and covid status

I look for something more recent

Typos!

I'm definitely more of a skimmer.

I skim on articles too long. I don't like reading long articles.

Videos

I stay away from comments but sometimes I troll back

I look for when posted, then comments

I go for shorter videos first

I like seeing when people are wearing masks

I go for shorter videos first

I like looking at the comments for the drama

I really value people that walk me through something. Anxiety.

I watch tutorials for maintenance. How to take care of wheels. When I have an injury.

Events

I like how this depicts 6th ave accurately. Businesses use too much tokenism with BLM. Makes it awkward to actually go.

I like things in San Francisco because I live there... Later: I don't live in SF (???)

For me pictures are a starting point but might not go if I don't see a video. Video walkthroughs are becoming more popular.

Before I read the article: I looked for the date and time.

Enjoyed the tags so I could peep what each category was about. Skating is so diverse!

Want to go to Church of 8 because someone just posted- hot topic

I wanna learn about events in relation to covid.

For tutorials I'll watch video if I have skates ready right now

Weekdays vs weekends are huge effort

I'm a planner, I appreciate a calendar

I would want a picture of the whole event, golden gate park how busy does it get with covid?

Would like to see a little link for a map,

Social Media

I would probably just look for a copy link button, don't see it.

People's personal insight is interesting to me

Doesn't seem to know how social media can relate to this site

I'll share articles in my IG stories

I have a love hate with social media.

I won't use certain social media

Needs

I wonder about the rink. What's the open status?

Join us? Events page, probably wouldn't have clicked on it. Join us for what? Nondescript.

Places to skate. Best skate spots. What groups are there past one off events?

If I wanted to go back to the homepage this large image I clicked. Not used to that.

I can find help here. "Skate help" Interested in this!

Participant clicked on events story thinking it was news- clarify

Font is blurred on screen (Monoton font) Special fonts can't see.

"Since Tik tok especially, ppl wanna dress in disco costumes, yet there's a whole atmosphere and culture behind roller skating that I've found out about not too long ago."

I was really interested in "Skate Help"

Perhaps add "Bay Area Rollerskating Spots" Now I'd click THAT!

Hardware help
